	humid mortar and concrete	Epo Gray ST, US Cement, US Cement (less-smelly), US200		
Notes on Installation	<ul style="list-style-type: none"> ◆ Before installation, make sure the arrow marks on the back of each tile, which show the direction of the pattern. ◆ For one week after installation, direct sunlight, sudden change of temperature due to air conditioning, and water washing should be avoided. ◆ The color shading differs on a tile-by-tile basis, which will make the floor look very natural when the tiles are installed. 			
Recommended Maintenance Wax from TOLI	New FB Wax, U Wax, T Wax (Non-shiny & Antibacterial)			
Custom Order	If you ask for a different size or wear layer, please contact TOLI sales rep.			
Others	<ul style="list-style-type: none"> ◆ The dirt and stains will be more visible on the floor covering with lighter plain colors, compared to dark colors. Also they are more likely to stick with the deep-embossed surface than the flat surface. ◆ Please be aware that some rubber casters might cause color-contamination. ◆ Please note that the product has the indigenous odor from its materials. ◆ Occasionally a very slight size difference could be seen between different production lots. For designed installation of 4-sides-beveled tiles, or installation of tiles with the shape of triangle, hexagon, and rhombus, please adjust the size of a tile as needed. Otherwise joints should be finished with caulking compound.
